Notes:

1. The above list is indicative, and the Scheme may invest in any other instruments as may be permitted by SEBI from time to time, subject to regulatory approval, if any.

2. Securities Lending and Borrowing:

Subject to SEBI (MF) Regulations and in accordance with Securities Lending Scheme, 1997, Para 12.11 (on Stock Lending Scheme) of the Master Circular, as may be amended from time to time, the Scheme may engage in short selling/lending of securities. The Scheme shall adhere to the following limits should it engage in Stock Lending:

- a) Not more than 20% of the net assets can generally be deployed in Stock Lending
- b) Not more than 5% of the net assets can generally be deployed in Stock Lending to any single approved intermediary i.e., broker.

3. Investment in Units of Mutual Fund Scheme:

The Scheme may invest upto 5% of its net assets in units of other schemes of Helios Mutual Fund or in units of schemes of any other Mutual Fund, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.

The scheme may also invest in mutual fund schemes/ Exchange Traded Funds (ETFs) which invests in debt and money market securities.

4. Investment in Short term deposits of scheduled commercial banks

Pending deployment of funds in accordance with the aforesaid asset allocation, the Scheme can invest in short term deposits of scheduled commercial banks in terms of Para 12.16 (on Investments in Short Term Deposits (STDs) of Scheduled Commercial Banks - pending deployment) of the Master Circular. For details, please refer Section 'What are the Investment Restrictions' in the SID.

5. Investments will be made in line with the asset allocation of the Scheme and the applicable SEBI and / or AMFI guidelines as specified from time to time.
6. There can be no assurance that the investment objective of the scheme will be realized. Investors may note that securities which provide higher returns typically display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments.
7. The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.
8. Pursuant to Para 12.24 of the Master Circular, the Cumulative Gross Exposure through Equity, Debt, Mutual Fund Schemes, ETFs, Derivative position and such other securities/ assets as may be permitted by SEBI from time to time (subject to prior approval from SEBI, if any) will not exceed 100% of the net assets of the scheme.

However, i) cash or cash equivalents* with residual maturity of less than 91 days may be treated as not creating any exposure; and ii) subject to guidelines specified by SEBI, derivatives exposure due to hedging positions may not be included in the aforesaid limit.

	<p><i>* AMFI vide letter dated November 3, 2021, has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.</i></p> <p>Change in Investment Pattern</p> <p>Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unitholders and meet the objective of the Scheme. Such changes in the investment pattern will be for short-term and defensive consideration.</p> <p>Provided further and subject to the above, any change in the asset allocation affecting the fundamental attribute(s) of the Scheme shall be effected in accordance with the provisions of SEBI (Mutual Funds) Regulations, 1996 pertaining to change in fundamental attributes of the Scheme, as detailed in this SID.</p> <p>Portfolio rebalancing of deviation due to short term defensive consideration:</p> <p>Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per Para 1.14.1.2 of the Master Circular, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.</p> <p>Portfolio rebalancing in case of passive breach:</p> <p>As per Para 2.9 of the Master Circular, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall</p> <ul style="list-style-type: none"> i) not be permitted to launch any new scheme till the time the portfolio is rebalanced. ii) not levy exit load, if any, on the exiting investors. <p>AMCs will report the deviation to Trustees at each stage. Further, in case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of the scheme, the investors will be immediately informed through SMS and email / letter including details of portfolio not rebalanced. Email / Letter and SMS will also be immediately triggered as and when the rebalancing of portfolio takes place. The same will also be communicated to investors through periodic portfolio disclosures as mandated by SEBI.</p> <p>The above norms shall be applicable to main portfolio and not to segregated portfolio(s).</p> <p>However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.</p>

*Growth Option - No IDCW will be declared under Growth Option. Income / profits received / earned on the Scheme's corpus would be accumulated by the Fund as capital accretion & will remain invested in the Scheme and will be reflected in the Net Asset Value (NAV). Unit holders who opt for this Option will not receive any IDCW in normal circumstances.

**IDCW Option – Under IDCW Option, IDCW will be declared subject to the availability of distributable surplus as computed in accordance with SEBI Regulations. It must be distinctly understood that the actual declaration of IDCWs and frequency thereof is at the discretion of the Board of Trustees. There is no assurance or guarantee to Unit holders as to the rate of IDCW distribution nor that the IDCWs will be declared regularly, though it is the intention of the Mutual Fund to make periodic IDCW distribution under the IDCW Option. On payments of IDCWs, the NAV will stand reduced by the amount of IDCW paid and the dividend distribution tax, if applicable.

Further, amounts under IDCW Option can be distributed out of investors capital (equalization reserve), which is part of sale price that represents realized gains.

^Unit holders opting for IDCW option may choose to reinvest the IDCWs to be received by them. Under this facility the IDCW due and payable to the Unit holders will be compulsorily and without any further act by the Unit holders, reinvested (subject to deduction of TDS and statutory levy, if any) in the IDCW re-investment sub-option at a price based on the prevailing Net Asset Value per Unit on the record date. The Units for the purpose of reinvestment will be created and credited to the Unit holder's account at a price based on the prevailing Ex-IDCW Net Asset Value (NAV derived post declaration of IDCW) per unit on the record date. In case the selected date for IDCW declaration falls on a holiday/non-Business Day then the next Business Day will be considered. No exit load shall be charged on units allotted on reinvestment of IDCW.

^^In case of IDCW Transfer, the IDCW declared will be automatically invested into any open-ended scheme (Target Scheme) of the Fund as may be specified by the investor in the application form. The amount to the extent of distribution (subject to deduction of TDS and statutory levy, if any) will be automatically invested on the ex-IDCW date into the Target Scheme selected by the investor, at the applicable NAV of that scheme. The provision of "Minimum Application Amount" specified in the SID of the respective Target Scheme will not be applicable for IDCW Transfer facility.

^^^In case of Payout of IDCW, IDCWs, if declared, will be paid (subject to deduction of TDS and statutory levy, if any) to those Unit holders, whose names appear in the register of Unit holders on the notified record date.

The Plans and Options stated above will have a common portfolio. However, separate NAV will be computed for each of the Plans under the scheme.

Default option: The investors must clearly indicate the Option (Growth or IDCW (Reinvestment of IDCW or Payout of IDCW or Transfer of IDCW) in the relevant space provided for in the Application Form. In case the investor does not select any Option, the default shall be considered as Growth Option. Within Income Distribution cum capital withdrawal Option if the investor does not select sub-option (i.e., Payout of IDCW or Re-investment of IDCW or Transfer of IDCW), then default sub-option (in case of IDCW Option) shall be Reinvestment of IDCW.

The Plans and Options stated above will have a common portfolio. However, separate NAV will be computed for each of the Plans under the scheme.

@ in case the application is received incomplete with respect to not selecting Regular/ Direct Plan, the same shall be processed under default plan as per various scenarios mentioned in SAI.

For detailed disclosure on default plans and Options, kindly refer SAI – Section 'Default scenarios available to the investors under plans/options of the of the Schemes.'

Investment Strategy

Investment Approach and Risk Control

The Scheme will be managed actively in line with the investment objectives and asset allocation of the Scheme.

The objective of the Scheme is to generate long-term capital appreciation from a portfolio that is invested predominantly in equity and equity related securities of mid-cap companies.

Further, in order to achieve diversification in the Scheme may invest upto 35% of its net assets in equity and equity related instruments of companies other than mid-cap companies. Also, the scheme may invest upto 35% of its net assets in debt and money market instruments.

Risk control measures

Investments made by the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (Mutual Funds) Regulations, 1996. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. While allocating and choosing securities, the Investment Manager will aim to diversify by gaining broad exposure to different industries and companies in order to reduce risk.

➤ Equity / equity related instruments

To mitigate stock-specific risk, the investment team at the AMC will conduct thorough analysis before investing in any company through its elimination investing investment process.

Elimination Investing –

- A) **Eliminating stocks with conviction**, based on (eight) fundamental screening factors, has repeatedly proven to be effective in weeding out poor performers, gravitating towards winners, and creating a sustainable outperformance profile.
- B) **Avoiding permanent loss of capital** must be an overarching objective at every stage of the investment process, at stock level and at portfolio level.
- C) **Investing is deeply fundamental research driven process**, executed in the context of evolving macroeconomics, market conditions, industry.

The core principle of Elimination Investing is not to predict which companies will be at the top but to increase the likelihood of avoiding possible underperforming investments. By focusing on reducing the risk of selecting poorly performing companies, by skilfully eliminating companies that do not meet these criteria convincingly, we create a focused universe “Not Bad” companies. This approach significantly improves the odds of arriving at a universe of companies with better prospects, aligning with the aim of outperforming the market over time.

The Elimination Investing process navigates through a comprehensive framework comprising eight pivotal factors. This framework is meticulously applied to excise investments that exhibit red flags, which include:

1. Bad Theme (Size of Opportunity)
2. Unfavourable Industry Dynamics
3. Potential for Disruption
4. Weakness in Management/Background/Strategy
5. Poor Corporate Governance
6. Low quality Accounting
7. Negative Medium-Term Positive Triggers
8. Unreasonably High Valuations

From a positive parlance for an ease of investor understanding in terms of why we want to eliminate companies which exhibit these red flags, is explained below:

1. **Good Theme or Size of opportunity**: Emphasize investment opportunities with significant market potential, focusing on industries or sectors poised for growth and expansion.
2. **Favorable industry dynamics**: Identify industries with positive trends and dynamics that can drive the growth of companies operating within them. Factors such as increasing demand, technological advancements, regulatory support, and evolving consumer preferences will be considered.
3. **Low potential for disruption**: Evaluate the resilience of business models and industries against disruptive forces.
4. **Strong management/background/strategy**: Assess the quality and experience of the management team, seeking leaders with a proven track record of success, relevant expertise, and a well-defined strategy to guide future growth.
5. **Good corporate governance**: Prioritize companies with robust corporate governance practices, including transparent decision-making processes, independent board members, and a commitment to ethical business practices.

6. **Clean accounting:** Review financial statements to ensure compliance with relevant accounting standards. Companies questionable accounting practices will be avoided.
7. **Medium-term positive triggers:** Identify potential catalysts or events that could positively impact a company's performance over the medium term. Factors such as upcoming product launches, market expansions, cost-saving initiatives, and anticipated industry developments, change in management, favorable government policy, etc.
8. **Reasonable valuations:** Evaluate the company's valuation relative to peers and the overall market. Companies trading at reasonable prices in relation to their growth prospects, earnings potential, and industry benchmarks.

By employing this investment strategy, the focus will be on eliminating "bad" investment opportunities that fail to meet the above criteria. Once the options have been narrowed down, investments will be selected based on meeting all the criteria or exhibiting strengths in multiple areas. It is important to note that thorough research and regular review will remain a crucial part of the investment strategy.

Once the universe is narrowed down, the fund manager will follow endeavor to build an active management style. The Scheme will focus on creating an appropriate diversified all-weather – a bar-bell long portfolio of companies using a bar-bell portfolio construction strategy comprising of two types of companies within the Mid Cap and other stock universe as per the asset allocation pattern of the Fund:

- A) Good" Stocks: Offer "High Confidence in reasonable returns"
- B) Emerging" good stocks: Offer "Reasonable Confidence In high returns"

In addition to equity and equity-related securities, the scheme may also invest in other types of equity instruments (including futures and covered calls) that align with the investment objectives and strategies outlined above.

In addition to aforesaid investment strategy, the Scheme shall follow a style-agnostic approach adaptable to various market environments with an aim to ensure consistency. Also, diversification and rigorous company screening shall be used for inherent risk mitigation.

The Scheme may invest in equities through the primary market such as IPOs, securities received through corporate actions, private placements, etc. The Scheme may engage in Stock Lending activities. The Scheme may invest in equity derivatives such as Stock/Index Futures & Options, covered call and such other derivative instruments as may be introduced and permitted by SEBI from time to time, subject to approval from SEBI, as required. The Scheme may use equity derivatives for the purpose of hedging, portfolio balancing, accessing arbitrage opportunities and other purposes as may be permitted under the SEBI (Mutual Funds) Regulations, 1996.

At present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the SEBI (Mutual Funds) Regulations, 1996 and with the prior approval of the Board of the AMC/Trustee

➤ **Debt & Money Market instruments**

With the aim of controlling risks, credit evaluation of the instruments proposed to be invested in will be carried out by the Investment Team of the AMC. The credit evaluation shall include study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as long-term financial health of the issuer. The AMC will also be guided by the ratings of rating agencies. In addition, the investment team of the AMC will study the macro-economic conditions, including the political, economic environment and factors affecting liquidity and interest rates.

The AMC would use this analysis to position the portfolio appropriately.

➤ **Securities Lending**

The Scheme may also engage in securities lending in accordance with the applicable guidelines/SEBI (Mutual Funds) Regulations, 1996. Securities lending means lending a security to another person or entity for a fixed period of time, at a negotiated compensation. The security lent will be returned by the borrower on expiry of the stipulated period. A maximum of 20% of the net assets will be deployed in securities lending and the maximum single party exposure will be restricted to 5% of the net assets. Engaging in securities lending is subject to risks related to fluctuations in the collateral value / settlement / liquidity / counter party.

➤ **Short Selling of Securities**

If permitted by SEBI Regulations, the Scheme may engage in short selling of securities in accordance with the guidelines / regulations issued by SEBI. Short sale of securities means selling of securities without owning them. Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/ liquidity risks.

➤ **Trading In Derivatives**

The Scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund Regulations from time to time, which will include hedging & portfolio balancing. Hedging does not mean maximization of returns but only reduction of systematic or market risk inherent in the investment. Derivatives instruments may take the form of Futures, Options or any other instrument, as may be permitted from time to time.

SEBI, vide Para 7.5 of the Master Circular, has specified the guidelines pertaining to trading by Mutual Fund in Exchange traded derivatives.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the scheme and the benefits and risks attached therewith.

Equity Derivatives

The Scheme(s) may use various equity derivatives from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance unitholder's interest. Accordingly, the Scheme(s) may use derivative instruments like futures & options on stock indices, future & options on individual securities or such other derivative instruments as may be introduced from time to time as permitted under the SEBI (Mutual Funds) Regulations, 1996.

In addition to trading in equity derivatives, the Fund Manager may employ any of the following strategies or a combination thereof:

1. Index Arbitrage

As an Index derives its value from its underlying stocks, the underlying stocks can be used to create a synthetic index matching the Index levels. The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

2. Cash Futures Arbitrage (Only one way as funds are not allowed to short in the cash market).

The Scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The Scheme will first buy the stocks in the cash market and then sell in the futures market to lock the spread known as arbitrage return.

3. Hedging and alpha strategy

The fund may use exchange-traded derivatives to hedge the equity portfolio. The hedging could be either partial or complete depending upon the fund managers' perception of the markets. The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio. The fund may seek to generate alpha by superior stock selection and removing market risks by selling appropriate index.

4. Covered Call Strategy

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. The covered call is a strategy in which a seller sells a call option on a stock he owns.

5. Other Derivative Strategies

As allowed under the SEBI guidelines on derivatives, the fund manager may employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

For further details on derivative strategies, illustration and the benefits and risks attached therewith, please refer SAI.

Portfolio Turnover

Portfolio turnover is defined as lesser of purchases and sales as a percentage of the average corpus of the Scheme during a specified period of time. The Scheme being an open-ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate, with any reasonable measure of accuracy, the likely turnover in the portfolio(s). Active asset allocation would impact portfolio turnover.

Risk Profile of the Scheme

Scheme Specific Risk Factors

In line with the investment objectives and asset allocation of the scheme, the Scheme shall invest in various securities (including equities and fixed income securities) which may be exposed to various risks. Some of the specific risk factors related to the Scheme include, but are not limited to the following:

Market Risk: All mutual funds and securities investments are subject to market risk and there can be no assurance / guarantee that the Scheme's objective will be achieved. The securities that the Scheme invests in would be exposed to price changes on a day-to-day basis. These price changes may occur due to instrument-specific factors as well as general macroeconomic conditions. Markets are volatile and can decline significantly in response to adverse issues, political, regulatory, market or economic developments. The scheme may be subject to price volatility due to factors such as interest sensitivity, market perception, and creditworthiness of issuer and market liquidity. Different parts of the market can react differently to these developments. The value of an individual security or particular type of security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole.

Risk Associated with Investing in Equities:

- The Scheme proposes to invest in equity and equity related instruments. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. The liquidity of investments made in the Scheme may be restricted by trading volumes, settlement periods and transfer procedures. Different segments of the Indian financial

markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme portfolio would result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme portfolio. Also, the value of the Scheme investments may be affected by interest rates, changes in law/ policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual Securities, a specific sector or all sectors.

- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges.
- Limited trading volumes/non availability of quotes in any of the securities held by the scheme can result into a larger liquidity risk in comparison with securities that are actively traded on the exchanges or offer other exit options to the investors, including put options.
- Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity Schemes unless they can afford to take the risk of losing their investment.
- The value of the Schemes' investments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- The Mutual Fund may not be able to sell securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to be collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that a dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the schemes are vulnerable to instances where investments in securities may not earn a dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies is likely to vary and have a material bearing on their ability to declare and pay dividends, the performance of the schemes may be adversely affected due to such factors.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavors to generate returns based on certain past statistical trends. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However, the Fund will aim at taking exposure only into liquid stocks where there will be minimal risk to square off the transaction.
- The schemes are also vulnerable to movements in the prices of securities invested by the schemes, which again could have a material bearing on the overall returns from the schemes. These stocks, at times, may be relatively less liquid as compared to growth stocks.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.
- In the event that the investible funds of more than 65% of the total proceeds of the Scheme are not invested in equity shares of domestic companies, the tax exemptions on income distribution will not be available to the Scheme. This is however subject to change as per Income Tax laws of India.

Risks associated if investment made in small/mid cap companies:

The Scheme's portfolio shall comprise equity holdings of mid cap stocks (minimum 65% and maximum 100% of the portfolio). The Scheme may also invest upto 35% in other than mid cap stocks and / or debt and money market securities.

While Small & Mid-cap stocks gives one an opportunity to go beyond the usual large blue-chip stocks and present possible higher capital appreciation, it is important to note that Small & Mid-cap stocks can be riskier and more volatile on a relative basis. Therefore, the risk levels of investing in small & mid cap stocks are more than investing in stocks of large well-established companies. It should be noted that over a period of time, small-cap, mid-cap and large-cap stocks have demonstrated different levels of volatility and investment returns. And it is important to note that generally, no one class consistently outperforms the others.

Small/Mid cap companies carry large amount of liquidity risk compared to the large cap companies, as the ability to sell is limited by overall trading volume in the securities, which it invests.

Risk factors associated with investing in Preference Shares:

- **Credit Risk** - Investments in Preference Shares are subject to the risk of an issuer's inability to meet dividend and redemption by the issuer. Further, for non-cumulative preference shares, the issuer also has an option to not pay dividends on preference shares in case of inadequate profits in any year.
- **Liquidity Risk** - Preference shares lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- **Unsecured in nature** - Preference shares are unsecured in nature and rank lower than secured and unsecured debt in hierarchy of payments in case of liquidation. Thus, there is a significant risk of capital erosion in case the company goes into liquidation.
- **Market Risk** – The schemes will be vulnerable to movements in the prices of securities invested by the schemes which could have a material bearing on the overall returns from the schemes.

Risk Associated with Investing in Fixed Income Securities

- **Market Risk:** The Net Asset Value (NAV) of the Scheme(s), to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- **Credit Risk:** Investments in Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of the fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which the government raises new money and/or the price levels at which the market is already dealing in existing securities. The price risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Schemes' portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the Schemes' portfolio.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- **Risks associated with investment in unlisted securities:** Subject to the SEBI (Mutual Funds) Regulations, 1996, the scheme may invest in unlisted debt securities (i.e., Government securities, Money Market Instruments (other than Commercial Papers), and Non-Convertible Debentures). Unlisted securities, in general, are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realize their investments in unlisted securities at a fair value.
- Fixed Income Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- Different types of fixed income securities in which the Scheme(s) would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated/unrated debt securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero-coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero-coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. In accordance with SEBI guidelines, The AMC may choose to invest in unlisted debt securities (i.e. Government securities, Money Market Instruments (other than Commercial Papers), and Non-Convertible Debentures) that offer attractive yields. This may increase the risk of the portfolio.

- The Scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.
- Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market value for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities.

Risks associated with Investing in Derivatives:

The Schemes may use various derivative products as permitted by the SEBI (Mutual Funds) Regulations, 1996. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. The Fund may use derivatives instruments like Stock /Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under SEBI (Mutual Funds) Regulations, 1996 and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and the decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- **Execution Risk:** The prices which are seen on the screen need not be the same at which execution will take place
- **Basis Risk:** This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
- Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margin or insist that margins be placed in cash. All of these might force positions to be unwound at a loss and might materially impact returns.

Additional risks for writing covered call options for equity shares:

- Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing are capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares.
- The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written becomes illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.
- The writing of the covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.
- The total gross exposure related to the option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

Risk associated with Short Selling:

The risk associated with upward movement in the market price of security sold short may result in loss. The losses on short position may be unlimited as there is no upper limit on rise in price of a security.

Risks associated with Securities Lending & Borrowing (SLB):

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified peri-

od with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Risk factor associated with legal, tax and regulatory risk: The Scheme could be exposed to changes in legal, tax and regulatory regime which may adversely affect it and / or the investors. Such changes could also have retrospective effects and could lead to additional taxation imposed on the Scheme which was not contemplated either when investments were made, valued or disposed of.

Risk factors associated with creation of segregated portfolios:

- **Liquidity risk** – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

- **Valuation risk** - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to the absence of an active secondary market and difficulty to price in qualitative factors.

Risk associated with investments in Money Market instruments:

Investments in money market instruments would involve a moderate credit risk i.e., risk of an issuer's liability to meet the principal payments. Money market instruments may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments. The NAV of the Scheme's Units, to the extent that the corpus of the Scheme is invested in money market instruments, will be affected by the changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline.

Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund has obtained membership of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Further, it may be noted that CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Risk Factors associated with schemes investing in Gilt/Government Securities:

Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of the fall or rise in prices is a function of the existing coupon, days to maturity and the increase or decrease in interest rates. Price risk is not unique to government securities but is true for all fixed income securities. The default risk, however, in respect of Government securities is zero. Therefore, their prices are influenced only by movement in interest rates in the financial system. On the other hand, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced by the credit standing of the issuer as well as the general level of interest rates.

Even though the Government securities market is more liquid compared to other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.

Risks associated with transaction in Units through Stock Exchange mechanism:

In respect of transactions in Units of the Scheme routed through the BSE StAR MF platform or any other recognized stock exchange platform as intimated by the AMC, allotment and redemption of Units on any Business Day will depend upon the order processing/ settlement by BSE, or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by BSE or such other recognized exchange in this regard.

Risks associated with investments in mutual fund units:

To the extent of the investments made by the scheme in mutual funds units, the risks associated with investing in such funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal; etc. will exist.

RISK MANAGEMENT STRATEGIES:

The Scheme by utilizing a holistic risk management strategy will endeavour to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools. The Scheme has identified the following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risks associated with Equity investment	
Risks and description	Risk mitigation strategy
Concentration Risk: Concentration risk represents the probability of loss arising from heavily lopsided exposure to a particular group of sectors or securities.	The Scheme will try and mitigate this risk by investing in sufficiently large number of companies (and across sectors) so as to maintain optimum diversification and keep stock-specific concentration risk relatively low
Market Risk: The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme.	Market risk is a risk which is inherent to an equity scheme. The Scheme may use derivatives to limit this risk.
Liquidity risk: The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.	As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / maturity payments are made on time and not affected by illiquidity of the underlying stocks.
Derivatives Risk: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds.	The Scheme may invest in derivatives for the purpose of hedging, portfolio balancing, and other purposes as may be permitted under the SEBI (Mutual Funds) Regulations, 1996. Derivatives may be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. All derivatives trades will be done only on the exchange with guaranteed settlement. Exposure to derivatives of stocks or underlying index will be done based on requisite research. Fund managers will endeavor to use derivatives which are liquid and traded frequently on the exchanges. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. Such exposure shall also be regularly reviewed by the Fund manager. No OTC contracts will be entered into.

Risks associated with Debt investment	
Risks and description	Risk mitigation strategy
Market Risk/ Interest Rate Risk: As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The scheme will undertake active portfolio management as per the investment objective to reduce the market risk. In a rising interest rate scenario, the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.

<p>Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).</p>	<p>The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.</p> <p>Liquidity risk is today characteristic of the Indian fixed income market. The Scheme will however, endeavor to minimize liquidity risk by investing in securities having a liquid market.</p>
<p>Credit Risk: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis will be used to identify company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. Also, the AMC shall follow its internal policy w.r.t. credit risk assessment before investing.</p>
<p>Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested the risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.</p>	<p>Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value</p>

Please contact any of the Investor Service Centres/ CAMS/ Distributors or visit our website www.heliosmf.in for further details.

7. Prevention of Money Laundering and Know Your Client (KYC):

In order to reduce hardship and help investors dealing with SEBI intermediaries, SEBI issued three circulars - MIRSD/SE/Cir-21/2011 dated October 05, 2011, MIRSD/Cir-23/2011 dated December 02, 2011 and MIRSD/Cir-26/2011 dated December 23, 2011 informing SEBI registered intermediaries as mentioned therein to follow, with effect from January 01, 2012, a uniform KYC compliance procedure for all the investors dealing with them on or after that date. SEBI also issued KYC Registration Agency ("KRA") Regulations 2011 and the guidelines in pursuance of the said Regulations and for In-Person Verification ("IPV").

All investors (individual and non- individual) are required for KYC compliance. However, applications should note that minors cannot apply for KYC compliance and any investment in the Name of minors should be through a Guardian, who should be KYC compliant for the purpose of investing with a Mutual Fund. Also applicants/ unit holders intending, to apply for units currently holding units and operating their Mutual Fund folios through a Power of Attorney (PoA) must ensure that the issue of PoA and the holder of the PoA must mention their KYC compliance status at the time of investment. PoA holders are not permitted to apply for KYC compliance on behalf of the issuer of the PoA, Separate procedures are prescribed for change in name, address, and other KYC related details, should the applicant desire to change such information, POS will extend the services of effecting such changes.

- Individual client who has registered under Central KYC Records Registry (CKYCR) has to fill the 14-digit KYC Identification Number (KIN) in application form as per AMFI circular 135/BP/68/2016-17. To download Common KYC Application Form, please visit our website www.heliosmf.in
- In accordance with the aforesaid SEBI circulars and AMFI best practice guidelines for implementation of CKYC norms with effect from February 1, 2017:
- Individual investors who have never done KYC process under KRA regime i.e. a new investor who is new to KRA system and whose KYC is not registered or verified in the KRA system shall be required to provide KYC details in the CKYC Form to the Mutual Fund/ AMC.
- Individual investor who fills old KRA KYC Form, should provide additional / missing information using Supplementary KYC Form or CKYC Form.
- Details of investors shall be uploaded on the system of CKYCR and a 14 digit unique KYC Identifier ('KIN') will be generated for such customer.
- New investors, who have completed CKYC process & have obtained KIN may quote their KIN in the application form instead of submitting CKYC Form/ Supplementary KYC Form.
- AMC/ Mutual Fund shall use the KIN of the investor to download the KYC information from CKYCR system and update its records.

In accordance with AMFI circular - 35P/MEM-COR/54/2019-20 dated February 28, 2020, it is mandatory, KYC to be verified by KYC Registration Agency before processing redemption. Further, investor requested to complete KYC process before placing redemption request.

The CKYC Form and Supplementary KYC Form are available at Investor Service Centre (ISC) of Helios Mutual Fund and on website www.heliosmf.in

The AMC reserves the right to reject transaction application in case the investor(s) fails to submit information and/or documentation as mentioned above. In the event of non-compliance of KYC requirements, the Trustee / AMC reserves the right to freeze the folio of the investor(s).

8. In case of NRI/FII investors the Account Statements / Redemption Cheques / Other correspondence will be sent to the mailing address mentioned.
9. All applications are accepted subject to detailed scrutiny and verification. Applications which are not complete in all respects are liable for rejection, either at the collection point itself or subsequently after detail scrutiny/verification at the back office of the registrars.

III. BANK DETAILS:

1. As per the SEBI guidelines, it is mandatory for investors to mention their bank account details in the application form. In the absence of the bank details the application form will be rejected.
2. Purchase Application requests should necessarily mention the pay- in bank account details i.e bank name, bank account number, bank branch used for issuing the payments to the fund. The first unit holder has to ensure that the subscription payment has to be made through his own bank account or through any of the bank accounts wherein he is one of the joint bank account holders. If this is not evidenced on the payment cheque/funds transfer/RTGS/NEFT request, demand draft etc given by the investor at the time of subscription then unit holder should attach necessary supporting documents as required by the fund like bank certificate, bank passbook copy, bank statement etc to prove that the funds are from a bank account held by the first unit holder only. If the documents are not submitted with the application the fund reserves the right to reject the application or call for additional details. In specific exceptional situations where Third-Party payment is permitted like i.e (i) Payment by employer on behalf of employee under Systematic Investment Plan (SIP) facility, or lump sum / one time subscription, through payroll deductions or deductions of expense reimbursements (ii) Payment by Corporate to its Agent/Distributor/Dealer (similar arrangement with principal-agent relationship), on account of commission/incentive payable for sale of its goods/ services, in the form of the Mutual Fund Units through Systematic Investment Plans or lump sum / one-time subscription (iii) Custodian on behalf of an FII or a client. For the above-mentioned cases KYC of the investor and the KYC of the person making the payment is mandatory irrespective of the amount. Additionally, a declaration by the person making the payment giving details of the bank account from which the payment is being made and the relationship with the beneficiary is also required to be submitted.
3. Direct Credit of Redemption / IDCW Proceeds / Refund if any - Helios MF will endeavor to provide direct / electronic credit for IDCW / redemption payments into the investors bank account directly. In case the direct credit is not affected by the unitholder's banker for any reason then Helios MF reserves the right to make the payment to the investor by a cheque / DD. If the electronic credit is delayed or not

affected or credited to a wrong account, on account of incomplete or incorrect information, Helios MF will not be held responsible. Please provide the MICR Code/ IFSC code on the right bottom of your Cheque for us to help you in future for ECS/ NEFT credit of IDCW and redemption payout.

4. Helios MF offers facility to register multiple bank accounts in the folio and designate one of the bank account as "Default Bank Account". Default bank account will be used for all IDCW and redemption payouts unless investor specifies one of the existing registered bank accounts in the redemption request for receiving redemption proceeds. A new non – registered bank account specified in the redemption request for receiving redemption proceeds will not be considered and the redemption proceeds will by default be credited into the default bank account. The investor will have to initially get the non-registered bank account registered in the folio and then apply for the redemption request.
5. Also, if no registered bank account is mentioned at the time of redemption, then by default the redemption proceeds will be credited into the default Bank account.
6. In accordance with the AMFI Best Practice Guideline Circular No. 17/2010-11 dated October 22, 2010 and Circular No. 39/ 2013-14 dated August 23, 2013 and to reduce operational risk. Investor(s) are requested to note that any one of the following documents shall be required to submit as a proof of Bank Account Details (for Redemption/ IDCW), in case the cheque provided along with fresh subscription/new folio creation does not belong to the Bank Account Details specified in the application form for redemption / IDCW payments w.e.f. March 1, 2014.
 - (a) Cancelled original cheque of the Bank Account Details with first unit holder name and bank account number printed on the face of the cheque; (or)
 - (b) Self attested copy of bank statement with current entries not older than 3 months; (or)
 - (c) Self attested copy of bank passbook with current entries not older than 3 months; (or)
 - (d) Bank Letter duly signed by branch manager authorized personnel.

IV. INVESTMENT & PAYMENT DETAILS:

1. Payment should be made by Crossed Cheques/Demand Draft/ Payorder, favouring to "Helios Mutual Fund Scheme Name" and marked "Account Payee" payable locally in the city where the application is submitted. Post dated or outstation cheques/ draft are not permitted. Application received with outstation Cheque/Demand Draft shall be rejected.

Investors from such centers, who do not have a facility to pay by local cheque, as there are no Collection Centres of Helios MF, will be permitted to deduct the actual DD commission's charges. document tary proof, thereof is to be attached, if not attached the AMC reserves the right to call for the same at a later date. The amount of the DD commission charges will be limited to the actual charges paid or DD charges of State Bank of India, whichever is lower.

2. Please mention the application serial no. on the reverse of the cheque/ demand draft tendered with the application.
3. In case the payment is made through Demand Draft or Bankers Cheque or Indian Rupee draft purchased abroad or from FCNR or NRE A/c, an Account Debit Certificate from the Bank issuing the draft, confirming the debit should be submitted. For subscription made by NRE / FCNR Account cheques, the application forms must be accompanied with a photocopy of the cheque or Account Debit Letter / Certificate from the bankers.
4. One time Bank mandate (OTBM) facilitates the investor to register a debit Mandate with his banker which will contain a pre-defined upper limit for the amount to be debited from his bank account for every Purchase Transaction done.

V. TRANSACTION CHARGES:

In terms of the provisions of Para 10.5 of the Master Circular, Mutual Funds are allowed to deduct following transaction charge on per subscription of Rs. 10,000 and above, where such subscriptions are received through distributors / agents based on the type of product opted-in to receive the transaction charges.

The distributors shall also have the option to opt in or opt out of levying transactions charges based on the type of product.

Accordingly, transaction charges as follows will be deducted by the Fund, from the subscription received from investors and paid to distributors / agents who have opted to receive the transaction charge

- (i) First Time Investor in Mutual Fund (across all Mutual Funds)

Transaction charge of Rs. 150/- per subscription of Rs. 10,000 and above will be deducted from the subscription amount and paid to the distributor / agent of the first time investor and the balance shall be invested in the relevant scheme opted by the investor.

- (ii) Existing Investor in Mutual Fund

Transaction charge of Rs. 100/- per subscription of Rs. 10,000 and above will be deducted by the Fund from the subscription amount and paid to the distributor / agent of the investor and the balance shall be invested in the relevant scheme opted for by the investor.

However, transaction charges in case of investments through SIP under (i) and (ii) above shall be deducted only if the total commitment (i.e. amount per SIP installment x No. of installments) amounts to Rs. 10,000/- or more. The transaction charge shall be deducted in 4 equal installments.

- (iii) Transaction charges shall not be deducted for

- a. Purchases / subscriptions / total commitment amount in case of SIP for an amount less than Rs. 10,000;
- b. Transactions other than purchases / subscriptions relating to new inflows such as Switch / STP / SWP etc.;
- c. Purchases / subscriptions made directly with the Fund without any ARN code i.e. not through any distributor / agent. (d) Purchases / subscriptions carried out through the Stock Exchange Platform.

- d. Where the distributor of the investor has not opted to receive any Transaction Charges.

The statement of account to unit holders will clearly provide details of the net investments as gross subscription amount less transaction charge and the number of units allotted against the net investment.

However, the option to charge "transaction charges" is at the discretion of the distributors. Investors may note that distributors can opt to receive transaction charges based on 'type of the Scheme'. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable.

The aforesaid transaction charge shall be deducted by the Asset Management Company from the subscription amount and paid to the distributor, as the case may be and the balance amount shall be invested subject to deduction of Goods and Services Tax.

Identification of investors as "first time" or "existing" will be based on Permanent Account Number (PAN)/PAN Exempt KYC Reference Number (PEKRN) at the First/ Sole Applicant/ Guardian level. Hence, Unitholders are urged to ensure that their PAN/ PEKRN/ KYC is updated with the Fund. Unit holders may approach any of the Official Points of Acceptances of the Fund i.e. Investor Service Centers (ISCs) of the Fund/ offices of our Registrar and Transfer Agent (CAMS) in this regard.

VI. NOMINATION FOR UNITS HELD IN PHYSICAL MODE:

1. Nomination facility is available to individuals applying on their own behalf i.e. singly or jointly. Nomination is mandatory for folios opened by individuals with single mode of holding.

X. MICRO investment (including lumpsum & Micro SIP):

1. In line with SEBI letter no. OW/16541/2012 dated July 24, 2012 addressed to AMFI, Investments in the mutual fund schemes (including investments through Systematic Investment Plans (SIPs)) up to Rs. 50,000/- per investor per year shall be exempted from the requirement of PAN.

Accordingly, for considering the investments made by an investor up to Rs. 50,000/-, an aggregate of all investments including SIPs made by an investor in a Financial Year i.e. from April to March, shall be considered and such investors shall be exempted from the requirement of PAN. However, requirements of Know Your Customer (KYC) shall be mandatory and investors seeking the above exemption of PAN will need to submit the PAN Exempt KYC Reference No (PEKRN) acknowledgement issued by KRA along with the application form. This exemption is applicable only for individuals including NRIs, minors acting through guardian, Sole proprietorship firms and joint holders*. Other categories of investors, e.g. PIOs, HUFs, QFIs, non - individuals, etc. are not eligible for such exemption. In the case of joint holders, first holder must not possess a PAN. Investors are requested to note that, in case where a lump sum investment is made during the financial year and subsequently a fresh SIP mandate request is given where the total investment for that financial year exceeds Rs. 50,000/-, such SIP application shall be rejected. In the case where a SIP mandate is submitted during the financial year and subsequently a fresh lumpsum investment is being made provided where the total investment for that financial year exceeds Rs. 50,000, such lump sum application will be rejected. Redemptions if any, in the Micro Investment folio, shall not be considered for calculating the exemption limit for such financial year. Consolidation of folio shall be allowed only if the PEKRN in all folios is same along with other investor details.

2. In case the first Micro SIP installment is processed, and the application is found to be defective, the Micro SIP registration will be ceased for future installments. No refunds to be made for the units already allotted. Investors will be sent a communication to this effect. However, redemptions shall be allowed.

XI. Units held in the dematerialised form:

1. With effect from October 1, 2011, in accordance with SEBI Circular No. IMD/DF/9/2011 dated May 19, 2011, an option to subscribe/hold the units of the Scheme(s)/ Plan(s) of Helios in dematerialized (demat) form is being provided to the investors in terms of the guidelines/ procedural requirements as laid by the Depositories (NSDL/ CDSL) / Stock Exchanges (NSE / BSE) from time to time.
2. The Unit holders are given an Option to hold the units by way of an Account Statement (Physical form) or in Dematerialized ('Demat') form. Unit holders opting to hold the units in demat form must provide their Demat Account details in the specified section of the application form. The Unit holder intending to hold the units in Demat form are required to have a beneficiary account with the Depository Participant (DP) (registered

with NSDL / CDSL as may be indicated by Helios) and will be required to indicate in the application the DP's name, DP ID Number and the beneficiary account number of the applicant with the DP. Applicants must ensure that the sequence of names and other details like Client ID, Address and PAN details as mentioned in the application form matches that of the account held with the Depository Participant. Only those applications where the details are matched with the depository data will be treated as valid applications. If the details mentioned in the application are incomplete/ incorrect, not matched with the depository data, then units will be allotted in the physical mode and an Account Statement shall be sent to them. Such investors will not be able to trade on the stock exchange till the holdings are converted into demat form.

3. Unit Holders opting the units in the demat mode, can submit redemption/switch only through DP or through stock exchange platform.
4. Unit holders opting for investment in demat mode cannot opt for facilities like STP, SWP & Top Up.
5. In case, the Unit holder desires to hold the Units in a Dematerialized / Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted along with a Demat/Remat Request Form to their Depository Participants.
6. Units held in demat form will be transferable.

XII. Employee Unique Identification Number (EUIIN) would assist in tackling the problem of misselling even if the employee/relationship manager/ salesperson leave the employment of the distributor.

Distributors are advised to ensure that the sub broker affixes his/her ARN code in the column separately provided in addition to the current practice of affixing the internal code issued by the main ARN holder and the EUIIN of the Sales Person (if any) in the EUIIN space. Investors are requested to note that EUIIN is applicable for transactions such as Purchases, Switches, Registrations of SIP/STP/Trigger/Transfer of Income Distribution cum Capital Withdrawal Plan and EUIIN is not applicable for transactions such as Installments under SIP/STP/SWP, Income Distribution cum Capital Withdrawal option Reinvestments, Redemption, SWP Registration, Zero Balance Folio creation and installments under Income Distribution cum Capital Withdrawal option Transfer Plans. Investors are requested to note that EUIIN is largely applicable to sales persons of non individual ARN holders (whether acting in the capacity of the main distributor or sub broker). Further, EUIIN will not be applicable for overseas distributors who comply with the requirements as per AMFI circular CIR/ARN-14/12-13 dated July 13, 2012.

Instructions on Controlling Persons / Ultimate Beneficial Owner

As per PMLA guidelines and relevant SEBI circulars issued from time to time, non-individuals and trusts are required to provide details of controlling persons [CP] / ultimate beneficiary owner [UBO] and submit appropriate proof of identity of such CPs/ UBOs. The beneficial owner has been defined in the circular as the natural person or persons, who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted and includes a person who exercises ultimate effective control over a legal person or arrangement

A. For Investors other than individuals or trusts:

(i) The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest. Controlling ownership interest means ownership of/entitlement to:

- more than 10% of shares or capital or profits of the juridical person, where the juridical person is a company.
- more than 10% of the capital or profits of the juridical person, where the juridical person is a partnership or or who exercises control through other means.”

For the purpose of this clause, “Control” shall include the right to control the management or policy decision.

- more than 15% of the property or capital or profits of the juridical person, where the juridical person is an unincorporated association or body of individuals.
- (ii) In cases where there exists doubt under clause (i) above as to whether the person with the controlling ownership interest is the beneficial owner or where no natural person exerts control through ownership interests, the identity of the natural person exercising control over the juridical person through other means like through voting rights, agreement, arrangements or in any other manner.
- (iii) Where no natural person is identified under clauses (i) or (ii) above, the identity of the relevant natural person who holds the position of senior managing official.

B. For Investors which is a trust:

The identity of the settler of the trust, the trustee, the protector, the beneficiaries with 10% or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

Provided that in case of a trust, the reporting entity shall ensure that trustees disclose their status at the time of commencement of an account-based relationship or when carrying out transactions as specified in clause (b) of sub-rule (1) rule 9.

C. Exemption in case of listed companies / foreign investors:

The client or the owner of the controlling interest is a company listed on a stock exchange or is a majority-owned subsidiary of such a company, there is no need for identification and verification of the identity of any shareholder or beneficial owner of such companies and hence exempted from UBO declaration provided other requisite information is provided. Intermediaries dealing with foreign investors' viz., Foreign Institutional Investors, Sub Accounts and Qualified Foreign Investors, may be guided by the clarifications issued vide SEBI circular CIR/MIRSD/11/2012 dated September 5, 2012 and other circulars issued from time to time, for the purpose of identification of beneficial ownership of the client.

D. KYC requirements:

Beneficial Owner(s) / Senior Managing Official (SMO) is/are required to comply with the prescribed KYC process as stipulated by SEBI from time to time with any one of the KRA & submit the same to AMC. KYC acknowledgement proof is to be submitted for all the UBO(s) / SMO(s).

In case of Foreign Nationals, who are not KYC complied, they need to attach the ID proof in English along with the Nationality proof, Address proof again in English. If the documentary proof is in Foreign Language, it should be translated in English and should be attested by Indian Embassy of that country.

Sample Illustrations for ascertaining beneficial ownership:

Illustration No. 1 – Company A

For Applicant A, Individual 4 is considered as UBO as it holds effective ownership of 33% in Company A. Hence details of Individual 4 must be provided with KYC proof, Shareholding pattern of Company A, Z & Y to be provided along with details of persons of Company Y who are senior managing officials and those exercising control.

Illustration No. 2 – Partner ABC

For Partnership Firm ABC, Partners 1, 2, 3 and 4 are considered as UBO as each of them holds $\geq 10\%$ of capital. KYC proof of these partners needs to be submitted including shareholding.

Illustration No. 3 – Trustee ZYX

For Trust ZYX, Beneficiaries A, B and C are considered as UBO as they are entitled to get benefitted for $\geq 10\%$ of funds used. KYC proof for these beneficiaries needs to be submitted. Additionally, if they have nominated any person or group of persons as Settlor of Trust / Protector of Trust, relevant information to be provided along with the proof indicated.

*In case the date chosen for SIP falls on a Non-Business Day or on a date which is not available in a particular month, the SIP will be processed on the immediate next Business Day.

- New Investor - If the investor fails to mention the scheme name in the SIP Mandate Form, then the Fund reserves the right to register the SIP as per the scheme name available in the main application. In case multiple schemes are mentioned in the main application form, Fund reserves the right to reject the SIP request.
- Existing Investor - If the investor fails to mention the scheme name in the SIP Mandate Form, then the Fund reserves the right to register the SIP in the existing scheme (Eligible for SIP) available in the investor's Folio. In case Multiple Schemes or Equity Linked Savings Scheme (ELSS) are available in the folio then Fund reserves the right to reject the SIP request.
- In case SIP date is not selected, if multiple SIP dates are opted for or if the selection is not clear then the SIP will be registered on 10th (default date) of each Month/Quarter, as applicable.
- If the investor has not mentioned the SIP start Month, SIP will start from the next applicable month, subject to completion of 30 days lead time from the receipt of SIP request.
- In case the end date mentioned on SIP form falls beyond the end date mentioned in the fresh / new One Time Mandate (OTM) form or beyond the end date mentioned in the registered existing OTM, then SIP shall be registered as per the end date of the OTM mandate.
- In case SIP "end Month/Year" is incorrect or not mentioned by the investor in the SIP form, then the AMC reserves the right to consider the SIP end date as five years from the start date by default.
- For SIP applications received during NFO Period, the SIP start date shall be at least 30 days after the NFO allotment date.

SIP TOP UP Facility: Investors can opt for SIP TOP UP facility with Fixed Top Up option or Variable Top Up option, wherein the amount of the SIP can be increased at fixed intervals. In case the investor opts for both options, the Variable Top Up option shall be triggered.

The Fixed TOP UP amount shall be in multiple of Rs 1000/- and in multiple of Rs 100 thereafter.

Variable TOP UP would be available in at 10%, 15% and 20% and such other denominations (over and above 10%, 15% and 20%) as opted by the investor in multiples of 5%.

The frequency is fixed at Yearly and Half Yearly basis. In case the top up frequency is not specified, Default will be considered as yearly frequency.

In case of Quarterly SIP, only the Yearly frequency is available under SIP TOP UP.

SIP Top-Up facility shall also be available for the existing investors who have already registered for SIP facility without Top-Up option. The SIP Top-up request shall be registered within 15 days before the next trigger of the existing SIP

SIP Top-up facility can be started after minimum 6 months from the date of 1st SIP. If the end-date of the Top-up facility is not mentioned the Top-up facility will be continued up till the tenure of the SIP. For example, if the end date of the Top-up facility is not mentioned; then the Top-up will continue till the end of SIP tenure.

The top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top up option.

In case, the SIP Top up is cancelled, the SIP will not be ceased. The existing SIP will not be ceased and SIP will be continue with the last topped up amount.

All other terms & conditions applicable for regular SIP will also be applicable to Top-up SIP. The Trustee / AMC reserves the right to change / modify the terms of the SIP from time to time on a prospective basis.

Fixed TOP-UP: With this option, investors can increase SIP amount at regular intervals with fixed amount. The minimum TOP-UP amount has to be Rs.100 and in multiples of Rs.100 thereof. For said option SIP TOP-UP frequency is at Half Yearly and Yearly basis. In case of Quarterly SIP, only the yearly frequency is available under SIP TOP UP.

Please view the illustration below for Fixed Top-up.

Instalment No(s)	From Date	To Date	Monthly SIP Instalment Amount	SIP Top-Up Amount	SIP Amount with TOP-UP
1 to 12	10-Oct-23	10-Sep-24	5000	N.A	5000
13 to 24	10-Oct-24	10-Sep-25	5000	1000	6000

49 to 60	10-Oct-27	10-Sep-28	7000	N.A	7000

Variable TOP-UP: With this option, investor can increase SIP amount at regular interval. TOP-UP amount will be based on the percentage (%) opted by investor of SIP amount. For said option SIP TOP-UP frequency is at half yearly and yearly basis. The minimum TOP-UP percentage (%) should be 10% and in multiple of 5% thereof. Also, the TOP-UP amount will be rounded off to the nearest highest multiple of Rs.10.

Please view the illustration below for Variable Top-up.

Instalment No(s)	From Date	To Date	Monthly SIP Instalment Amount	SIP Top-Up Amount	SIP Amount with TOP-UP
1 to 12	10-Oct-23	10-Sep-24	5000	N.A	5000
13 to 24	10-Oct-24	10-Sep-25	5000	500	5500
25 to 36	10-Oct-25	10-Sep-26	5500	550	6050
37 to 48	10-Oct-26	10-Sep-27	6050	N.A	6050
49 to 60	10-Oct-27	10-Sep-28	6050	N.A	6050

Investors can either opt for a Fixed Top-up facility or Variable Top-up facility under SIP Top-up. In case, Investor opts for both the options, then Variable top-up feature shall be triggered. In case the TOP UP facility is not opted by ticking the appropriate box and/or frequency is not selected, the TOP UP facility may not be registered.

In a scenario where investor selects multiple % option under variable SIP Top-up plan, higher percentage will be considered and the other % will be ignored.

Micro Systematic Investment Plan (Micro SIP): The unit holder will have the facility of Micro SIP under the current Systematic Investment Plan facility. The Minimum Investment amount per installment will be as per applicable minimum investment amount of the respective Scheme. The total investment under Micro SIP cannot exceed Rs. 50,000/-.

Micro Investment: With effect from October 30, 2012, where the aggregate of the lump sum investment (fresh purchase & additional purchase) and Micro SIP installments by an investor in a financial year i.e April to March does not exceed 50,000/- it shall be exempt from the requirement of PAN. However, requirements of PEKRN (KYC) shall be mandatory. Accordingly, investors seeking the above exemption for PAN still need to submit the KYC Acknowledgement, irrespective of the amount of investment. This exemption will be available only to Micro investment made by the individuals being Indian citizens (including NRIs, Joint holders, minors acting through guardian and sole proprietary firms). PIOs, HUFs, QFIs and other categories of investors will not be eligible for this exemption.
